### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Bud Nilsson on June 6, 2006.

The application has been amended as follows: Cancel claims 8-14. Add new claim 15, as follows:

15 (new) A mechanism, for modulating the braking action between at least two brake systems comprising, two levers each having a ferruled hole near each end and hinged together at an intermediate point between said ferruled holes that couple at least two brake cables with casings at a location with a continuous connection between brake handles and brake calipers, said casings having ends butted up to said lever's ferruled holes with each inner cable continuing through ferruled holes, wherein by responding to the tension produced by said brake handles to said cables and said casings, the articulated reaction by said two levers increasing or decreasing the length between said casings relative to said inner cables, balancing the activation of said brake calipers regardless of which brake handle is applied, whereby this novel mechanism automatically modulates the braking sequence to the brake calipers.

### ***Allowable Subject Matter***

2. Claim 15 is allowed.

3. The following is an examiner's statement of reasons for allowance: There is no teaching or suggestion in the prior art of the claimed combination having at least two brake cables with casings at a location with a continuous connection between brake handles and brake calipers, said casings having ends butted up to said lever's ferruled holes with each inner cable continuing through ferruled holes.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Vicky A. Johnson whose telephone number is (571) 272-7106. The examiner can normally be reached on Monday-Friday (7:00a-3:30p).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Richard Ridley can be reached on (571) 272-6217. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
